

PHYS2350 Fall 2017 Exam 3 Breakdown

Exam 3 for PHYS2350 EV1 will be held on **Thursday, November 30**, for the first 1 hour and 15 minutes of our regularly scheduled class time. As before, there will be 5 multiple choice questions and 4 free-response problems. 3 free response problems are needed to reach a 100 and **you may answer the fourth problem for extra credit**.

The following chapters and their corresponding sections will be on the exam:

- Ch 8 Rotational Motion: 8-1 through 8-5, 8-7, and 8-8
- Ch 10 Fluids: 10-2 through 10-5, 10-7 through 10-10
- Ch 11 Oscillations & Waves: 11-1 through 11-4, 11-7 through 11-12
- Ch 12 Sound: 12-1, 12-2, 12-4, 12-6, and 12-7
- Ch 13 Temperature & Kinetic Theory: 13-4, 13-6, 13-7, and 13-9
